MSSFL

**COLOUR CORRECTION FILTER**

The colour red only carries 15-20 feet underwater. At depths below this, reds become washed out. The red filter puts the red spectrum back into your underwater photos.

Part No.	Detail	THB
MSSIF	Colour Correction Filter	1,480

**SILICA GEL**

Install with camera in the waterproof housing for prevention of condensation.

Part No.	Detail	THB
MSIGEL	Silica Beads - 5 pack	305

**FLASH DIFUSER**

Snap on flash diffuser will help reduce backscatter & eliminate shaded areas caused by lens barrel blocking flash.

Part No.	Detail	THB
MSSIFD	For IC600/IC800/IC10/IC12	340

**FIBER OPTIC CABLE**

Easy velcro attachment for slave strobe activation. Particularly useful in ultra clear water where light from internal (on camera) flash can dissipate rapidly & not activate slave strobe.

Part No.	Detail	THB
MSSPX25	Fiber Optic Cable	800

**O-RING**

Part No.	Detail	THB
MSSIC2000-Oring	O-ring Set for SS1000	215
MSSISN5000-O	O-ring SuperNova Batt Cover	155

**BATTERY**

Part No.	Detail	THB
MSSIC12BAT	IC12 Battery	860
